ARRIVAL AND DISMISSAL SCHEDULE

ARRIVAL SCHEDULE

Students will be allowed in the building to go to the gym at 7:30 a.m. Car riders, student drivers, and walkers will enter the building through the north door in the morning. Bus riders will be dropped off at the north gym door each morning. Breakfast is served from 7:35 a.m. to 7:50 a.m. Students will be dismissed from the gym at 7:55 a.m. to go to their classrooms. First hour will begin at 8:00 a.m.

DISMISSAL SCHEDULE

Our regular school day ends at 3:15 p.m. All students must leave the school building and grounds unless a teacher supervises them.

All walkers will exit the **south door**. **Pre-school** and **elementary car riders** will be dismissed from the **west door** via the car rider line up procedure. That procedure is where cars line up and advance to the west door and their student(s) will be brought out to the car. The junior high and high school car riders/drivers will exit the north ramp door. Parents of junior high and high school students will park in the north parking lot to pick up their students. **Bus riders** will load the buses to go home at the **north gym door**.

BUS ROUTES

If you know your child will not be riding any one morning, please notify the Jarnik Bus Company at 816-284-2267, by **6:15 a.m.** that day. Only students who live on a bus route or have permission to go to the home of a regular bus rider may ride the bus from (and/or to) school. **Please remember that any student riding anywhere other than his own home must have written parental permission to do so, and any such note must be verified and initialed by a member of office personnel.**

***Bus Pickups and Drop Offs:** All bus pickups and drop offs will be from the **north gym door**. Parents dropping off students in the morning will remain at the north common's door.

*** If your student does not ride the bus for 3 consecutive days,** Jarnik Bus Company's policy is that parents will need to call 816-284-2267 to reestablish ridership.

AUTOMOBILES

1. All students will park their automobiles to the north side of the parking lot and shall not block in other vehicles or buses. Students may also park in the designated parking spaces in the lot north of the gym.
2. **NO ONE** is allowed in his/her automobile during the school day.
3. The speed limit on campus is 5 m.p.h.
4. Careless & imprudent driving will not be tolerated.
5. Students who violate any of the above will lose the privilege of parking on school grounds from one month up to a full school year. Other disciplinary actions may also be taken.

ATTENDANCE

With the belief that good attendance is critically important and directly related to academic success and achievement, the following policy on attendance definitions has been established to encourage good attendance and punctuality to classes. Studies show there is a direct connection between good attendance and classroom success. It is the responsibility of every student to be in school every day possible.

PARENTAL / GUARDIAN RESPONSIBILITY

The importance of the parents' or guardian's role in minimizing absences, and thereby greatly increasing the likelihood of their children's success in school, cannot be overstated. Except in limited circumstances, school attendance is compulsory for children between the ages of 7-17 years of age. State law requires parents or guardians to ensure their children attend school on a regular basis. A parents'/guardians' failure to comply with the compulsory attendance laws is considered educational neglect, which is subject to criminal penalties. The school district will refer any case of suspected educational neglect to the appropriate authorities for investigation and prosecution. After the student has been absent for (3) consecutive days, it is the responsibility of the parent/guardian to provide medical documentation justifying the illness, in order for additional days to be considered excused. If the absences reach five days without parent contact, the school will contact appropriate authorities. Attendance patterns for all students will be monitored. Absences which are not clearly excusable will be investigated by the principal and/or staff, and appropriate action will be taken.

EXCUSED ABSENCES

Examples of excused absences include:

1. **Personal illness with parent phone call or note/Dr. note** on day of return

2. **Medical and dental appointments**
3. **Death, Illness, or Serious Injury of Family Member** - Bereavement leave of up to three days excused absence may be granted for the death of an immediate relative (consisting of father, mother, sister, brother, and grandparents only). Students may be excused to attend funerals of other relatives or friends at the discretion of the administration.
4. **Court Appearance or legal appointments** that cannot be scheduled outside attendance hours verified with official paperwork from the courts or appropriate legal representatives.
5. **School Sponsored/Related Activity** - Any absence from class as a result of a school-sanctioned activity is not recorded as an absence for purposes of this policy. Example: field trip, athletic event, student activity, etc.
6. **Days of Religious Observance**- with written excuse from parent and verified with administration.
7. Other absences may be approved in advance with documentation and at the discretion of the administration.

ABSENCE NOTIFICATION

It is the responsibility of the parent/guardian to notify the school that the student will be absent. In order to determine if the absence is excused or unexcused, parents need to explain the reason for the absence when in communication with the school. If the school is not notified on the day of absence, a note from the parent/guardian stating the reason for the absence will be required at the time of the student's return. Parents may call the school at any time and leave a message by pressing "0" (zero) when prompted. Email correspondence may also be sent to the following email address: smarriott@usr2.com. Upon entering the school after the 8:00 a.m. bell rings, students are expected to report to the office as soon as they enter the building to notify the office they are in attendance and to receive an admit slip. **IMPORTANT: An absence will be recorded as unexcused if a note or telephone call is not received at the time the student returns to school. Any absence not accounted for will be considered an unexcused absence, as well as absences that do not meet excused absence guidelines. Students will receive only 1/2 credit for all assignments missed during the unexcused absences.** This includes classroom work, assignments, quizzes, tests, etc... Students not in attendance for a full day at school are not allowed to attend or participate in extracurricular activities without permission of administration.

1. It is the student's responsibility to obtain assignments and instructions from appropriate staff members. The student is expected to make up missed work.
2. Assignments shall be obtained in advance if the absence is foreseen. It is the student's responsibility to inform teachers of their absence at least one day in advance to get homework. All assigned work shall be submitted upon returning to school unless prior arrangements are made with teachers.
3. All classroom work (to include tests) shall be completed as indicated by the individual classroom teacher. Not to exceed 1 day for each day of absence.

MAXIMUM ABSENCES ALLOWED

A student shall be allowed a maximum of ten (10) excused or unexcused absences from any class during a semester. Students who accumulate in excess of ten (10) days in any class are subject to loss of credit for that class. Students will be informed of this prior to the end of the semester. Notification of absences can be found on the Parent Portal, progress reports, and quarterly report cards. Days of student suspension are not counted as days absent for purposes of this policy.

When unusual or extreme circumstances occur, exceptions to this stated policy will be made only by the attendance committee on an individual basis. The student, parent, or guardian may appeal to an attendance committee made up of the administrator and several teachers for appeal of policy. At the discretion of the administration, the parent may be requested to appear at the hearing to verify the legitimacy of the appeal. The parent can then make a second request to the superintendent to take the matter up with the Board of Education to hear their appeal under the rules of student discipline hearings.

TARDINESS

Students will be considered tardy to class if they are not in their classrooms ready for class when the tardy bell rings. **Upon receiving four tardies in the same class a student will receive a one-hour detention which may be resolved through ISS, lunch detentions, after school detentions, Saturday School, or OSS. For every tardy accumulated above four, an additional hour of detention will accumulate per semester. Continual excessive tardiness will result in extra consequences beyond detentions.**

COLLEGE DAYS/JOB SHADOW

Juniors and seniors will be allowed a maximum of 2 college visits / job shadow per school year with one day being on Bump Up Day (See explanation below.) with 1-week prior approval in advance from the school counselor's office and appropriate documentation from the college or job visited. These must be taken before May 1.

Bump Up Day- This is a scheduled day where all students in grades PK-5 grade move up to the next grade level to experience what it will be like as they switch to the next grade level. This has been helpful especially for students entering middle school. Bump Up Day coincides with kindergarten screening day and Job Shadow Day for all junior and senior students.

TRUANCY

Students who are absent from school without the knowledge and consent of the parent/guardian and the administration, or students who leave school during any session without the consent of the principal, shall be considered truant. This includes skipping an assigned detention which is considered truancy. **Any students considered truant will be assigned in-school suspension/and or additional detention upon their return to the school. A report may also be filed with the appropriate legal authorities. No work is allowed to be made up on truancy violations.**

ILLNESS AT SCHOOL

Students who become ill during the day should report to the nurse's office where efforts will be made to contact the parents. Students who are ill will not be sent home unless there is someone at home to look after them or with parent's permission.

WITHDRAWAL FROM SCHOOL

The request to withdraw a student from school must be made by the parent or guardian. This request should include the date of withdrawal, the name of the town moving to and, if known, the name and address of the new school to be entered. On the date of withdrawal, the student will pick up the withdrawal slip from the office. The student must turn in books, secure all his/her teachers' signatures, and clear all fees, fines, and lunch charges before final clearance can be given and records will be sent to the next school.

BREAKFAST/LUNCH PROGRAM

A breakfast program will be provided daily. Breakfast will be served from 7:35 to 7:50 a.m. Lunch and breakfast prices are determined annually and will be announced at the beginning of the school year. In order to send the correct amounts, feel free to contact the school office for prices. Should your child's breakfast and lunch account balance become a negative \$5.00 your child will be given an alternative meal with milk for lunch and breakfast until the balance is sufficient. Students are to turn in their breakfast/lunch money to their first hour teacher. The students are responsible for placing their money in an envelope with the student's name, Lumen ID number, the amount, the student's grade, and specify that it is for lunch/breakfast. Failure to turn in your lunch money by first hour will result in students with delinquent balances to be served an alternative meal, which includes a milk that will be charged to the student's balance. **Exceptions to this policy are only made by administration.**

Meal account balance letters are emailed weekly to parent/guardians. If you would like to eat lunch with your student, please call by 9:00 a.m. or send a note to help the cooks with an accurate count. Should your child have an allergy to nuts, please contact the building principal. Please list this on your child's health form.

Please complete the Free and Reduced Lunch/Breakfast form located on the Lumen Parent Portal. We strongly encourage you to apply. This not only benefits the parents but also the school. We receive reimbursements back from the state on all that qualify. This is a confidential

process that we take very seriously. We ask that you complete the form sent home and return it as soon as possible. It is important to notify the office immediately if any change in your application occurs. All families are encouraged to apply for free/reduced meals and may reapply at any time during the school year if changes occur.

OUTSIDE FOOD AND DRINK

Outside food or drink is permitted in the building during breakfast and lunch times in the **commons only**. Therefore, a guest is permitted to bring outside food for breakfast or lunch for students to eat in the commons during their lunch/breakfast shift. **If this becomes excessive or a distraction this privilege may be revoked by administration at any time.**

CLOSED NOON HOUR

All students will go to the lunchroom at the assigned time. Students will not leave the lunchroom without the permission of the supervising teacher. Food is not to be taken out of the cafeteria. Misconduct in the cafeteria will result in disciplinary consequences.

DRESS/PERSONAL APPEARANCE

When referring to student dress and appearance, we are concerned with the overall environment of Union Star R-II School. Our aim is to provide an environment, so the greatest possible learning may take place. Any type of student dress or appearance that detracts from the educational process will be eliminated. **Per administration approval, there may be exceptions to the dress code on spirit days or special circumstances.**

The following will be observed:

1. Shoes must be worn.
2. No hats, hoods, bandannas, or sunglasses are to be worn during the school day.
3. No tank tops, halter-tops, midriff tops, or see-through blouses are to be worn.
4. No sleeveless shirts with the sides cut out of them. All shirts and/or shorts, skirts, and dresses must be of appropriate length as determined by the staff and administration.
5. Clothing with obscene writing, pictures, or advertisement for drugs/alcohol will not be allowed.
6. Tight or revealing clothing will not be permitted.

MEDICATION POLICY

As a school district, we understand that in order to be safe and able to benefit from the educational program, some students will need to take medicine at school. The school district no longer provides over the counter medication. If your child must have medication of **any type** given during school hours, including **over-the-counter** drugs, **you have the following choices.**

- You may come to school and give the medication to your child at the appropriate time(s).
- You may obtain a copy of a medication form from the school nurse or school secretary.

This form must be signed by the parent/guardian and accompany the prescription in the **original container** and **appropriately labeled by the pharmacy**. The medication must be brought in by parent/guardian in the original container. If the parent/guardian can not bring in the medication, they may call and notify the school that medication is being sent with student. If parent/guardian does not bring in the medication or call, the medication will not be given. Due to possible reaction, the first dose will not be administered at school. The school nurse has the right to request physician consent for any over the counter medication.

Any prescription medication to be given for more than two weeks must also be accompanied by a written physician's consent. The parent will provide only one week's supply at a time and only the exact number of doses to be given at school. No excess medication will be kept at the school. It is the parent's responsibility to notify the nurse in writing of any medication changes or if the medication is no longer to be administered. If a medication no longer needs to be given and there is remaining medication in the nurse's office, the medication **MUST** be picked up by a parent or the medication will be destroyed by the school nurse with a witness. Self administration of medications, such as inhalers, may be permitted with proper form completed by the school nurse, parent, and written physician's consent.

School personnel will not administer any medication to students unless they have received a medication form properly completed and the medication has been received in an appropriately labeled container. To protect the safety of your child, there will be no exceptions to this policy.

Students with Epilepsy or Seizure Disorders

Parents of a student with epilepsy or a seizure disorder who are seeking care for their child while at school are encouraged to inform the school nurse or in the absence of the nurse, the building administrator of their request. Upon such request, the school nurse will develop an individualized emergency health care plan for the student. Parents must annually provide written authorization for the provision of epilepsy or seizure care as set out in the student's individualized health care plan.

TOBACCO, VAPES, MARIJUANA, CBD PRODUCTS, AND ILLICIT DRUGS

Tobacco, vapes, and illicit drugs are prohibited on school buses, in all school buildings, and on the related school grounds during the school day and extracurricular activities. Criminal Law: Persons between the ages of 10 and 18 smoking or using tobacco in or on public school buildings or public-school parking lots, covered walkways between public buildings or public-school premises are guilty of a misdemeanor. This is opinion No. 113 dated January 19, 1971. "Use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful." Tobacco and illicit drug possession is subject to district consequences.

The State of Missouri has adopted a limited authorization of medical marijuana, as defined by state law and all applicable regulations (hereinafter "medical marijuana" or "drug"). Qualified individual students and employees are permitted the use of medical marijuana. The law does not authorize the use of medical marijuana on school premises, nor does it require or permit district employees to administer the drug to students.

GENERAL RULES

1. Courtesy and good manners should be shown in all contact with teachers, staff, fellow students, and the general public.
2. Teachers are to be obeyed promptly and without argument.
3. Hands off other persons' bodies and property. This applies to:
 - a. Public displays of affection
 - b. Scuffling, pushing, and fighting
 - c. Vandalizing the property of others including books, clothing, etc.
4. Boisterous conduct in the building (including running, whistling, or shouting) is prohibited.

8. Parents are ultimately responsible for supervision of their student(s) at school activities or extracurricular events.

HALLWAY PRIVILEGES

Teachers reserve the right to deny permission to hallways to students. The building administration reserves the right to restrict hallway privileges at any time to individual students or classes.

Any student who is in the hall during class time is to have in her/his possession a hall pass, indicating he/she has permission to be out of class. This hall pass must be the student planner belonging to the student with the hall pass. Students going to class late without a hall pass are tardy.

MOVIES

Teachers sometimes utilize movies to enhance or reinforce something that is being taught in the classroom. There are a few occasions that movies are shown as a reward or part of a classroom celebration. It is our policy that movies are G or PG rated. PG rated movies may be shown without prior parent permission if approved by the administration.

AUTOMOBILES

1. All students will park their automobiles to the north side of the parking lot and shall not block in other vehicles or buses. Students may also park in the designated parking spaces in the lot north of the gym.
2. **NO ONE** is allowed in his/her automobile during the school day.
3. The speed limit on campus is 5 m.p.h.
4. Careless & imprudent driving will not be tolerated.
5. Students who violate any of the above will lose the privilege of parking on school grounds from one month up to a full school year. Other disciplinary actions may also be taken.

STUDENT TELEPHONE CALLS

Telephone or cell phones may be used only to call home in emergency situations with permission from the office. Calls coming in will be relayed by note only.

VISITORS

All visitors must report to the Central Office and sign in upon arrival and state why they are visiting the school. Former students must check in at the Central Office if they desire to visit a teacher. These visits are discouraged during regular school hours. Classroom visits need to be arranged in advance with the teacher and are discouraged the first and last three weeks of the school year.

HILLYARD TECHNICAL CENTER

Being able to attend Hillyard Technical Center is a privilege and affords students much personal responsibility. To attend HTC students are selected based on an application process. Not every student submitting an application may attend. Criteria and applications are available in the counselor's office.

The following guidelines need to be followed so that all HTC students remain safe. If you will be attending school at either Union Star or HTC, but will not be attending the other, please notify the Union Star office so that we can keep an accurate attendance and avoid any truancy violations. Parents are responsible for contacting HTC if their student will not be in attendance for anything other than a school activity. In addition, it is your responsibility to get a note from the office ahead of time, if you are going to miss HTC because of a school activity. Students will have a seminar class to go to after returning from HTC each day at 2:30pm. Students need to ride the bus to and from HTC. Students are allowed to receive a driving waiver signed by the parents permitting them to drive. Students are to notify the office if they plan on driving to HTC. If a student needs to drive, ride with a parent/guardian, or be picked up by a parent/guardian at HTC, the school needs to be notified ahead of time preferably in writing with the date(s). Students are not allowed to ride with other students to and from HTC. If the student is going to clinicals or some type of work study, we need documentation and dates when they will be driving to these types of sites. **Union Star students will be expected to attend HTC on days when they have HTC and Union Star School is not in session.** After eating lunch HTC students need to wait at the east common's door. They are not to roam the halls or go outside to vehicles. Violations of these rules will result in disciplinary actions.

CHURCH NIGHT

Each Wednesday night is designated as church night in our community. **No school function will be scheduled on that night if possible.**

COMMUNICABLE DISEASE

In compliance with Missouri School Law, no student shall attend school while afflicted with any contagious or infectious diseases, or while liable to transmit such disease after having been exposed to the same. Any teacher with the consent of the principal may require a student suspected of having a disease or being able to transmit a disease to be examined. The school

may also require the student to be examined by a physician and may exclude the student from attending school so long as there is danger of the disease being transmitted by the student.

SCHOOL COUNSELOR

Counseling services are available to all students. Many problems concerning both school and one's personal life can be helped by counseling. Appointments may be made by students or parents concerning student problems. The school counselor is also qualified to help with career and college preparation and may be able to provide connections to outside resources for students and families.

Sexual Abuse Awareness Training

The District will provide trauma-informed, developmentally-appropriate sexual abuse training to students in grades 6-12. Student training will include, but not be limited to:

1. Instruction in recognizing sexual abuse;
 2. Instruction in reporting incidents of sexual abuse;
 3. Instruction in actions that student-victims of sexual abuse can take to obtain assistance and intervention; and
 4. Instruction in resources that are available to students affected by sexual abuse.
- Prior to inception of the training, the district will notify parents/guardians of the training content and of the parents/guardians right to have their student excused from the training. Upon written request of the parent/guardian their student will be excused from the training.

SCHOOL CANCELLATION INFORMATION

On mornings when the weather is unusually severe, students are requested to listen to one of the following stations: KQ-TV, KSHB-TV, KCTV-5, WDAF Fox-4 and SchoolMessenger. These stations will be notified in case of school closing. If bad weather develops during the day, school officials will use their best judgment for the safety and welfare of the students.

ACADEMICS

PROPER PROCEDURES IN THE CLASSROOM

- A.** Drinking water at the fountains and going to the restroom should be done before entering the classroom. Placing books in classrooms and leaving to do the above causes too much traffic and congestion. If a student needs to be late to a class, they should notify their teacher. Otherwise, students are expected to be sitting in their seats when the bell rings.
- B.** All materials should be taken to class and pencils should be sharpened before class begins.
- C.** Avoid rushing out of the classroom when dismissed by the teacher. Leave the room quietly and in an orderly manner. The teacher will dismiss the class -- not the bell.
- D.** Keep classrooms clean. Do not write on desks, books, walls, people, etc. and put all waste material in the proper place.
- E.** Taking turns to speak during class by 'raising a hand' is appropriate classroom behavior. Interrupting or talking back to teachers will not be tolerated.
- F.** Respect will be shown to all school personnel at all times.

PHYSICAL EDUCATION

Anyone excused from physical education for health reasons, etc., at the discretion of the teacher, may be subject to write a report(s) that will meet the approval of the administration and is due at the discretion of the teacher. **The student must have a doctor's/health professional recommendation to be excused from physical education class.**

GRADING SCALE

The percentage scale that follows will be used for grading. Other methods of evaluation may be used by the instructors who have been given prior approval by the administration. If alternative methods of evaluation are used, students will be informed prior to their use.

Letter grades equate to points as follows:

96-100 = A = 4.0	90-95 = A- = 3.75	86-89 = B+ = 3.50
83-85 = B = 3.0	80-82 = B- = 2.75	76-79 = C+ = 2.50
73-75 = C = 2.0	70-72 = C- = 1.75	66-69 = D+ = 1.50
63-65 = D = 1.0	60-62 = D- = 0.5	Below 60 = F = 0

HONOR ROLL

A 3.0 or above with no grade below B-.

HIGH HONOR ROLL

An A- or above in each subject enrolled.

WEIGHTED COURSES

Courses that are weighted at Union Star include: Algebra II, College Algebra, Accounting, Chemistry, Physics, AP courses, Trigonometry, Pre-Calculus, all dual credit courses, and any new courses that are deemed to be at a higher level by the administration. Weighted courses are weighted one GPA point higher than a regular course.

VOCATIONAL PROGRAMS

The Union Star R-II Board of Education recognizes the need to provide equal educational opportunities for all students in the district. The district offers the following programs to each student: Agricultural, Business, and Hillyard Technical Center.

SCHEDULE CHANGES

All **regular course** schedule changes must be made in the first three (3) days of each semester. To add or drop a course, students must have the "Add"/"Drop" slip signed by both teachers, counselor, administration, and parents. (Slips may be obtained from the counselor.) **All dual credit and online courses need to be scheduled by September 1st for the whole school year. No new online courses will be created in the second semester.**

INCOMPLETE GRADES

If a student receives an incomplete grade on the grade card, a period of three days will be allowed to make up class work. If not completed, a grade of F will be assigned to that portion of the homework.

SEMESTER EXAM POLICY

Semester exams are required to be taken in all classes with the exam counting 10% of the semester grade. Junior high exploratory classes will require a final at the end of the quarter. Exams are to be comprehensive. Students may be excluded from semester exams based on scoring proficient or advanced on their state assessments from the previous year.

STUDENT GRADUATION AWARDS & GPA

Scholastic rank will be based on a four-point weighted grading scale for valedictorian and salutatorian. Valedictorian and salutatorian will be based on all four years of high school grades. A student must be a student for one full year at Union Star R-II to be eligible for scholastic awards. All scholarships will be awarded at graduation. For any student to be eligible in class rank at graduation the student must be physically enrolled at Union Star School starting the first school calendar day of their senior year. Senior students who enroll after the first day of the school calendar year may appeal to the Board, in writing, due to unforeseen circumstances before the completion of 1st semester to be considered for class rank.

STATEWIDE ASSESSMENTS (SEE BOARD POLICY 6440)

All students will participate in statewide assessments or alternate assessments as determined by a student's IEP team. The administration will annually develop an assessment schedule for the current school year. The testing schedule will list the assessment instrument to be administered and the grade level of students that will be administered each test or assessment instrument. This policy and the assessment schedule will be given to each student as well as their parent/guardian at the beginning of each school year. In addition, a copy of this policy and the assessment schedule will be available to the public in the District office during normal business hours.

HOMEWORK POLICY

Homework is a valuable component of learning and late homework will receive consequences outlined by individual teachers as stated in their classroom handbook or syllabus. Teachers' tolerance for late work may vary, therefore, it is important to understand the expectations of each instructor. Teachers need to be consistent within their own classrooms.

PLANNER POINTS

Students can earn quarterly planner points for completely filling out their daily assignment planner. At the end of each quarter, students will turn their planners into their seminar teachers for verification. Students will be able to apply these points, which will not exceed 5%, to one class for that quarter. Points will be awarded based on a criterion established by the administration.

PARENT / TEACHER CONFERENCE ATTENDANCE POINTS

Students can earn extra credit when parents attend conferences and meet with at least five of their teachers. Parents will be asked to pick up the student grade card and a conference sheet from the Central Office. Parents must obtain 5 signatures from the teachers. The extra credit will be used in the 2nd and 4th quarters in one class of the student's choice. No more than 5% extra credit will be given for the class.

MANDATORY DYSLEXIA SCREENINGS

Screening will identify students who are at risk of reading failure and will be used to identify need for intervention and set goals for achievement.

The following actions will be taken in accordance with state department guidance:

- First through third grade will be screened within the first thirty days of the year, mid and end of the year benchmarking. Progress monitoring shall occur for students not meeting norms.
- Kindergarten will be screened by January 31 and then by the end of the year. Progress monitoring shall occur for students not meeting norms.
- Screening will include K-3 students transferring from a school within state (not previously screened) and those students transferring from another state.
- A student will be screened in grades 4-12 if experiencing consistent difficulty in phonological awareness, phonics, fluency, or comprehension as noted by assessment scores, classroom teacher determination or requested by the student's parent/guardian.
- Exemptions to screening exist. Included in this list are students with a current diagnosis of dyslexia, students with intellectual disabilities and sensory impairment (vision/hearing).
- English Learners may potentially have characteristics of dyslexia. These students are at times missed because difficulties in reading can be erroneously blamed on language acquisition. These students may be screened for dyslexia related risk factors

CAREER AND TECHNICAL EDUCATION CERTIFICATE

The requirements for the CTE Certificate are as follows:

1. Meet all requirements set forth in state and local board of education policies related to earning a high school diploma.

PBIS (POSITIVE BEHAVIOR AND INTERVENTIONS SUPPORT)

Positive Behavior And Interventions Support (PBIS) is the bases for our district wide disciplinary model. PBIS focused on teaching students the social skills and positive behaviors expected in various locations/activities in our building. Students are explicitly taught the positive expectations of what it means to be Respectful, Responsible, and Safe in these locations. Students have an opportunity to earn STARR Bucks for exhibiting these positive behaviors. Students who earn STARRS Bucks get an opportunity to spend them at the STARR Store for items or privileges. Students in junior high and high school have the opportunity to become a STARR Ambassador. These students are role models that act and show that they are Respectful, Responsible, and Safe. Ambassadors help out with passing out STARRS Bucks along with helping at the STARR Store.

Technology & Internet Student Use Agreement & Conditions

Introduction of Technology Policy

This document is the policy for the acceptable use of the Internet within the Union Star R-II Schools District. Students must abide by the rules and regulations as described in this agreement. The sole purpose of this Internet access is to support education and research by providing students with access to unique resources and an opportunity for collaborative work. All use of Union Star's Internet access must be in support of and consistent with these educational objectives.

The Internet can provide educational information that is diverse, unique, and very valuable. Because of its enormous size and resources, the Internet's educational potential is boundless. By reasons of its broad reach, however, the Internet also contains the potential for abuse. This policy is to ensure that students use this valuable resource in a safe and appropriate manner. The district has taken steps to filter out inappropriate material from our server. Adherence to the policy is a condition for a student's privilege to Internet access. This privilege will not be granted until a signed agreement has been received by the school principal or designee.

Personal Responsibility

Access to electronic research requires students and employees to maintain consistently high levels of personal responsibility. The existing rules found in the District's Behavioral Expectations policy (Board Policy/Regulation 2610) as well as employee handbooks clearly apply to students and employees conducting electronic research or communication. One fundamental need for acceptable student and employee use of District electronic resources is

respect for, and protection of, password/account code security, as well as restricted databases files, and information banks. Personal passwords/account codes may be created to protect students and employees utilizing electronic resources to conduct research or complete work.

These passwords/account codes shall not be shared with others; nor shall students or employees use another party's password except in the authorized maintenance and monitoring of the network. The maintenance of strict control of passwords/account codes protects employees and students from wrongful accusation of misuse of electronic resources or violation of District policy, state, or federal law. Students or employees who misuse electronic resources or who violate laws will be disciplined at a level appropriate to the seriousness of the misuse.

All student use of Union Star's Internet is to be conducted with faculty permission and under faculty supervision. However, every student is expected to take individual responsibility for his or her appropriate use of the Internet. Any student wishing to use the Internet or other school networks must have on file in the school office a parent-signed Internet Acceptable Use Agreement.

Acceptable Use

The use of the District technology and electronic resources is a privilege, which may be revoked at any time. Staff and students are only allowed to conduct electronic network-based activities which are classroom or workplace related. Behaviors which shall result in revocation of access shall include, but will not be limited to: damage to or theft of system hardware or software; alteration of system hardware or software; placement of unlawful information, computer viruses or harmful programs on, or through the computer system; entry into restricted information on systems or network files in violation of password/account code restrictions; violation of other users' rights to privacy; unauthorized disclosure, use or dissemination of personal information regarding minors; using another person's name/password/account to send or receive messages on the network; sending or receiving personal messages on the network; and use of personal gain, commercial purposes, or to engage in political activity.

Students and employees may not claim personal copyright privileges over files, data or materials developed in the scope of their employment, nor may students or employees use copyrighted materials without the permission of the copyright holder. The Internet allows access to a wide variety of media. Even though it is possible to download most of these materials, students and staff shall not create or maintain archival copies of these materials unless the source indicates that the materials are in the public domain.

Access to electronic mail (E-mail) is a privilege and designed to assist students and employees in the acquisition of knowledge and in efficiently communicating with others. The District E-mail system is designed solely for educational and work-related purposes. ***E-mail files are subject to review by District and school personnel.*** Chain letters, "chat rooms" or Multiple User Dimensions (MUDs) are not allowed, with the exception of those bulletin boards or "chat" groups that are created by teachers for specific instructional purposes or employees for specific work-related communication.

Students or employees who engage in "hacking" are subject to loss of privileges and District discipline, as well as the enforcement of any District policy, state and/or federal laws that may have been violated. Hacking may be described as the unauthorized review, duplication, dissemination, removal, damage, or alteration of files, passwords, computer systems, or programs, or other property of the District, a business, or any other governmental agency obtained through unauthorized means.

To the maximum extent permitted by law, students and employees are not permitted to obtain, download, view or otherwise gain access to "inappropriate matter" which includes materials that may be deemed inappropriate to minors, unlawful, abusive, obscene, pornographic, descriptive of destructive devices, or otherwise objectionable under current District policy or legal definitions. Similarly, the use of any District computer to access sites which allow the user to conceal their objective of accessing inappropriate material is not permitted.

The District and school administration reserve the right to remove files, limit or deny access, and refer staff or students violating the Board policy to appropriate authorities or for other disciplinary action.

The following uses of the Union Star School Internet access are unacceptable:

1. Any use of Union Star R-2 School computers that is not educational in purpose.

In compliance with the Children's Internet Protection Act ("CIPA"), 47 U.S.C. § 254, the District uses technological devices designed to filter and block the use of any District computer with Internet access to retrieve or transmit any visual depictions that are obscene, child pornography, or "harmful to minors" as defined by CIPA and material which is otherwise inappropriate for District students. Due to the dynamic nature of the Internet, sometimes Internet websites and web material that do not fall into these categories are blocked by the filter. In the event that a District student or employee feels that a website or web content has been improperly blocked by the District's filter and this website or web content is appropriate for access by District students, the process described below should be followed:

1. Follow the process prompted by the District's filtering software (or to remain anonymous, log in under log in name: 123anonymous) and submit an electronic request for access to a website, or:
2. Submit a request, whether anonymous or otherwise, to the District's Superintendent/the Superintendent's designee.
3. Requests for access shall be granted or denied within three days. If a request was submitted anonymously, persons should either attempt to access the website requested after three days or log back in at 123anonymous to see the status of the request.
4. Appeal of the decision to grant or deny access to a website may be made in writing to the Board of Education. Persons who wish to remain anonymous may mail an anonymous request for review to the Board of Education at the School District's Central Office, stating the website that they would like to access and providing any additional detail the person wishes to disclose.
5. In case of an appeal, the Board of Education will review the contested material and make a determination.
6. Material subject to the complaint will not be unblocked pending this review process.

In the event that a District student or employee feels that a website or web content that is available to District students through District Internet access is obscene, child pornography, or "harmful to minors" as defined by CIPA or material which is otherwise inappropriate for District students, the process described set forth in Regulation 6241 should be followed.

Adult users of a District computer with Internet access may request that the "technology protection measures" be temporarily disabled by the chief building administrator of the building in which the computer is located for lawful purposes not otherwise inconsistent with this Policy.

Internet is a Privilege

Internet access through the Union Star R-2 School District is a privilege and the district encourages the student use of computers and Internet services be for educational and research purposes only. taken by the administration. Inappropriate use of the Union Star R-2 Schools Internet access will also be subject to disciplinary action. Users abusing this privilege will lose access privileges along with other consequences deemed appropriate. Due process rights and appeals will apply in these situations.

Disclaimer of Liability & Internet Consent

A student's name (first name only for website), picture, art, written work, voice, verbal statements, portraits (video or still) shall only be used for public relations, public information, school or district promotion, publicity, and instruction. The pictures and/or videos may be used by the District in subsequent years. If a Parent/Guardian wishes to not allow their child's appearance and work to be shown in various media, they may do so in a written notice to the school during the first two weeks of each school year. The Union Star R-2 School District reserves the right to change this policy at any time.

Students should have no expectation of privacy. Communication over the networks should not be considered private. The computers are the property of the Union Star R-II School District, and at no time does the District relinquish its exclusive control of computers provided for the convenience of the students. The District reserves the right to inspect and review the computer files, if it has reasonable cause to suspect that someone is using the computer for purposes in violation of this District policy or building rules. School authorities may conduct such inspections when they deem it necessary, without notice, without consent, and without a search warrant. The school also has the right to monitor network activity in whatever forms necessary to maintain the integrity of the system.

Personal Safety & System Security

Students have the right to information; however, the School System retains the right to restrict any information that does not apply to the approved curriculum or related school activities. Union Star R-2 Schools cannot screen the Internet for all inappropriate uses. The District does take precautions to restrict availability to certain inappropriate materials; however, on a global network it is impossible to control all materials and a user may discover questionable information. Students are expected to follow procedures and policies that are issued in order to ensure the security of the Union Star R-II School District's computer system and to respect its resource limits. These include any downloading guidelines and virus protection procedures that may be issued.

Students will be provided training on appropriate online behavior including interacting with other individuals on social networking sites and the dangers of sharing personal information. 6. Use of the District's electronic network for unlawful purposes will not be tolerated and is prohibited.

Services

While the District is providing access to electronic resources, it makes no warranties, whether expressed or implied, for these services. The District may not be held responsible for any damages including loss of data as a result of delays, non-delivery or service interruptions caused by the information system or the user's errors or omissions. The use or distribution of any information that is obtained through the information system is at the user's own risk. The District specifically denies any responsibility for the accuracy of information obtained through Internet services.

Security

The Board recognizes that security on the District's electronic network is an extremely high priority. Security poses challenges for collective and individual users. Any intrusion into secure areas by those not permitted such privileges create a risk for all users of the information system.

The account codes/passwords provided to each user are intended for the exclusive use of that person. Any problems, which arise from the user sharing his/her account code/password, are the responsibility of the account holder. Any misuse may result in the suspension or revocation of account privileges. The use of an account by someone other than the registered holder will be grounds for loss of access privileges to the information system.

Users are required to report immediately any abnormality in the system as soon as they observe it. Abnormalities should be reported to the classroom teacher or system administrator.

The District shall use filtering, blocking or other technology to protect students and staff from accessing internet sites that contain visual depictions that are obscene, child pornography or harmful to minors. ESSA (Every Student Succeeds Act)

The ESSA is the most recent reauthorization of the historic Elementary and Secondary Education Act (ESEA), first passed in 1965, and it replaces the No Child Left Behind Act (NCLB) of 2002.

Here are a few ESSA highlights:

- Maintains annual assessments in grades 3-8 and high school
- Reaffirms that states are in control of their standards and assessments
- Sets parameters for state accountability systems, but gives each state the flexibility to design a school accountability system that best meet the needs of students in their state
- Gives states the flexibility to work with local stakeholders to determine how educators should be evaluated and supported each year
- Provides for pilots at the state level so states can research new and improved methods of measuring student progress from year to year

Drug-Free Schools

Pursuant to requirements of the 1989 amendments of the Drug-Free Schools and Communities Act and to the requirements of the Safe Schools Act, and for the purpose of preventing the use of illicit drugs and alcohol by students, the District shall provide age-appropriate, developmentally based drug and alcohol education and prevention programs to all students from early childhood level through grade twelve (12). Such programs will address the legal, social and health consequences of drug and alcohol use, and provide information about effective techniques for resisting peer pressure to use illicit drugs or alcohol.

The district shall provide information about any drug and alcohol counseling and rehabilitation and re-entry programs that are available to students. Students may be required to participate in such programs to avoid suspension or expulsion if they are found to be in violation of this policy. All parents/guardians and students shall annually be provided with a copy of this policy.

The District certifies that it has adopted and implemented the drug prevention program described in this policy in the form required by the Department of Elementary and Secondary Education or the United States Department of Education. The District conducts a biennial review of such program to determine its effectiveness, to implement necessary changes and to ensure that the disciplinary sanctions are consistently enforced.

Parents who choose not to have an opioid antagonist administered to their student(s) must notify the district in writing.
